

RECESSED ALUMINIUM LED DOWNLIGHT

This recessed LED downlight is an indoor lighting fixture designed for residential, commercial, and hospitality applications. Constructed from high-quality aluminium, it provides excellent heat dissipation, ensuring a long service life and consistent lighting performance. Its modern and discreet design allows seamless integration into suspended ceilings, making it an ideal solution for a wide range of interior lighting projects.

TECHNICAL SPECIFICATIONS

Reference	EK40L130
Material	Aluminium
PRODUCT SIZE	Ø110*H66mm
POWER	15 W
Luminous Flux [lm]	100LM/W
Color Temperature [K]	3000 K
IP Rating	IP20
CRI	>90
Input Voltage	AC 165-265V 50-60(Hz)
Lifetime	50000 h
Certification	RoHS, FCC, CE

Dimension (mm)

Parameter	Value
Outer Diameter	Ø110 mm
Height	66 mm
Cutout Diameter	Ø95 mm
